

“ I really enjoy working with the clinical team at Henshaws as a HCA, because of the supportive team and amazing students we get to work with. There are so many learning opportunities and chances for personal development with training. It's great to work with so many different people within the care team in order to support them to support the students so they can get the best out of college. ”

COURTNEY

“ I enjoy the challenge of learning what works for each student and supporting them to participate in college life. I love celebrating the big and little victories with students and colleagues. Sure, there are challenging moments, but it's worth every second. ”

WORKING IN CARE AT

● **henshaws**

specialist
college

beyond expectations

Registered charity no. 221888

“ I'm 23 and never expected to be in social care work but I wanted something challenging yet equally rewarding. I really love the diversity of people I work with and I've also met some of the loveliest colleagues. Care is so much more than people think and I would encourage anyone to try it because it's probably my best life decision. ”

MEGAN

“ My favourite part about working at Henshaws as a HCA is working with our amazing students and supporting their care team to learn new skills and become confident in them. I find my job really rewarding and also love all the new training and learning opportunities available for myself too. ”

BECKY

“ Since leaving school I have done several different jobs none of which I felt clicked. I decided to give social care a go and applied to Henshaws. I can honestly say it’s been the right choice and is definitely the right path for me to take.

I am dyslexic and have found that Henshaws has really helped me and supported me with this. If you are looking for a job with variety then this is definitely for you. Working at Henshaws you get a real sense of comradery. It’s just one big happy family.

”

JACK

“ I wanted to be a part of something bigger. I wanted to help others and have a positive impact on others and be the reason they smile. That’s why I chose Henshaws.

”

SOPHIE

“ I firstly was inspired to work in the care industry because I have always loved looking after others and I was particularly interested in SEN care. I enjoy working in care because no matter how hard the day can be there is always a reward knowing that you have helped someone progress in their life. I would recommended working in the care industry as it is always rewarding and you can look back knowing you have helped change someone’s life one way or another!
